The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients — Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

MURDERED AND ROBBED.

Absalom Magee, an aged and wealthy farmer of Weymouth, a few miles from Atlantic City, was beaten to death by thugs and robbed of his wallet, supposed to have contained several thousand dollars, at Montpelier avenue and the Thoroughfare, within a few hundred yards of the exclusive Chelsea Cottage district, Saturday night. His body was found floating in the Thoroughfare, back of Atlantic City yesterday morning, by a passing yachtman. The head was crushed in and the pockets of the old man's clothes had been rifled of their contents.

Magee, who was 60 years old, made a snug fortune as a farmer in the neighborhood of Weymouth, and owned several valuable plantations. Lately he decided to retire, and sold part of his real estate for $8,000. He arrived at Atlantic City Saturday afternoon with a considerable amount of the money in his possession, and is believed to have had over $6,000 in a roll in his trousers pocket when he left the home of Cameron Freas, his nephew, where he had been visiting.

Freas warned the old man of the danger of carrying such a large amount of ready cash in his clothes, and asked him to leave most of it at home, but the old farmer, who was strong and sturdy, laughed at the fears of his relative.

The police theory of the case is that Magee became friendly with the thugs in downtown saloons and, under the influence of drink, showed his roll of money. He was then probably lured to the lonesome spot and clubbed to death, the body being thrown into the water as soon as the murderers had rifled his pockets.

SUICIDE OF A PHYSICIAN.

Dr. Albert Cushman Day, the young physician who committed suicide in Boston on Saturday by shooting himself through the heart, was secretly married last Wednesday to Miss Estelle M. Callahan, a nurse at the Boston City Hospital, where Dr. Day was assistant to the chief surgeon. On Friday Dr. Day read in a Boston newspaper an account of his disappearance and that of Miss Callahan and the intimation that they had eloped.

Fearing that the hospital authorities would summarily dismiss the nurse, the physician left his bride that night and went to Boston to learn if the marriage had been discovered. Saturday afternoon, a few hours before Dr. Day's body was found, the bride received a telegram from him informing her that their elopement was known and telling her to immediately telegraph her resignation to Miss Straub, the supervising nurse of the hospital. Mrs. Day sent the message to the hospital.

Both the bride and Mrs. Albert Day, the physician's mother, live in Brooklyn. Dr. Day was 25 years old, the same age as his wife, and was graduated from Tufts Medical College two years ago. He met Miss Callahan, who is a graduate nurse, while doing duty at the Relief Station, a branch of the City Hospital.

ADDRESS BY MR. BRYAN.

Mr. William Jennings Bryan addressed a big meeting in Carnegie Hall, New York, yesterday afternoon, under the auspices of the West Side Y. M. C. A. He did not refer to politics or to the financial situation but devoted his attention to young men and religion and the work of the Y. M. C. A. throughout the world.

"I want to bear witness," said Mr. Bryan, "to the grand work of the Y. M. C. A. I look back with pride and satisfaction to the fact that I have been a member of this organization from the time I was a young man in Illinois, and I have also been a member in Lincoln, Nebr. Much as I delight in delivering a political address, I find greater satisfaction in speaking on religion. Some young men seem to think it is smart to be skeptical on religious matters. They say they cannot understand some things. There are a great many things in the Bible which I do not understand myself, but I want to say to you young men that it is the religious character of the Y. M. C. A. which has given the organization so large a place in the work of the nation. I have always been interested in the science of government, but I am much more interested in religion and religious work than I am in government."

MONDAY EVENING, OCT. 28, 1907.

BECAUSE he robbed two small white boys of 75 cents and attempted to rob another of 25 cents, John Walker, a negro, was taken from jail at Byron, Ga., by a mob, yesterday, riddled with bullets, and his body burned on a pile of logs which had been gathered by the mob. The lynching and burning occurred in the town, and the charred remains of the negro were viewed by a crowd. The horrid occurrence described above shows the gradual evolution of lynch law which seems to be confined to no particular section of the country. Executions by excited mobs are to be deplored even when the victims have by their crimes forfeited their right to live, but when human beings are treated as mad dogs for committing misdemeanors the spirit of the times shows no improvement over the barbarous epochs of the dark ages.

A CAPITAL of $10,625,000,000 is directly concerned in the raising, slaughtering and packing of meat animals, according to a report on meat supply just issued by the Department of Agriculture. This amount is five-sixths as large as all capital invested in manufacturing in 1904. Seven-eighths of the meat and meat products are consumed in this country and as the trusts control this enormous business and pay big dividends to themselves on this tremendous capital there is little chance of cheaper meats in the near future.

MULAI HAFID, self-proclaimed ruler of Morocco, has strengthened his position by taking four more wives and capturing 1040 rifles from the Sultan's stronghold at Mazagan. Mulai's last wife is a daughter of Hamo Hocko, an important caid of Mequinez. This girl was intended for Sultan Abd-El-Aziz, but Hafid heard of her and sent two envoys to bring her to him. Mulai Hafid has thus played a good political game by securing important personages as fathers-in-law and brothers-in-law to eke out his following.

THE ANNUAL report of C. C. Sniffen, Paymaster General of the army, made public last week shows that the sum of $30,449,793.70 was expended last year for pay of the army; $594,143.42 for mileage; $15,061.88 for the War College; $425,088.80 on account of the Military Academy, and $152,307.27 for encampment and maneuvers of the organized militia. The United States army it seems costs more to maintain than do many of the big standing armies of Europe.

THE coroner's jury at Mattoon, Ill., held the motormen of the town responsible for the Charleston electric car disaster, which recently caused the death of fourteen persons and the injury of sixty-five. If all careless trainmen were held responsible for the railroad accidents they cause and were severely punished therefor, there would be fewer such accidents.

The Salvation Army's leader, General William Booth, and his daughter, Commander Eva C. Booth, lunched at the White House today. The General was asked before he went to the White House, whether Christianity was growing. "Well, an American who goes to England will tell you that it is not," he responded. "An Englishman who comes to America and hears about yours 'affinities' here Commander Eva let out an uncontrollable 'Humph' and 'your Thaw trials, etc., will declare that it is not making progress in America. "My Christianity is making progress. If the Salvation Army sticks to the doctrines that I have tried to inculcate into here, that of scooping up the great masses of people, she will advance. If she departs from them, there will be no reason for her to exist."

In making public today the text of the new commerce and fisheries treaties between Japan and Russia recently ratified, it is announced by the State Department that all but two questions between those two countries which owe their origin to the late war have now been settled. Russia has not yet paid the money due on account of the maintenance of the Russian prisoners of war in Japan, and the delimiation of the Russo-Japs frontier in Saghalin has yet to be accomplished.

THANKSGIVING PROCLAMATION

President Roosevelt has issued a proclamation setting apart Thursday, November 28, as a day of thanksgiving and prayer.

The President says once again the season of the year has came when, in accordance with the custom of our forefathers for generations past, the President appoints a day as the especial occasion for all our people to give praise and thanksgiving to God.

During the past year we have been free from famine, from pestilence, from war. We are at peace with all the rest of mankind. Our natural resources are at least as great as those of any other nation.

We believe that in ability to develop and take advantage of these resources the average man of this nation stands at least as high as the average man of any other. Nowhere else in the world is there such an opportunity for a free people to develop to the fullest extent all its powers of body, of mind, and of that which stands above both body and mind, character. Much has been given us from on high and much will rightly be expected of us in return. Into our care the ten talents have been intrusted; and we are to be pardoned neither if we squander and waste them, nor yet if we hide them in a napkin; for they must be fruitful in our hands.

Even throughout the ages, at all times and among all peoples, prosperity has been fraught with danger, and it behooves us to beseech the Giver of all things that we may not fall into love of ease and of luxury; that we may not lose our sense of moral responsibility; that we may not forget our duty to God and to our neighbor.

A great democracy like ours, a democracy based upon the principles of orderly liberty, can be perpetuated only if in the heart of the ordinary citizen there dwells a keen sense of righteousness and justice.

We should earnestly pray that this spirit of righteousness and justice may grow ever greater in the hearts of all of us, and that our souls may be inclined ever more both toward the virtues that tell for gentleness and tenderness, for loving kindness and forbearance one with another, and toward those no less necessary virtues that make for manliness and rugged hardihood—for without these qualities neither nation nor individual can rise to the level of greatness.

Now, therefore, I, Theodore Roosevelt, President of the United States, do set apart Thursday, the 28th day of November, as the day of general thanksgiving and prayer, and on that day I recommend that the people shall cease from their daily work, and, in their homes or in their churches, meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and pray that they may be given strength so as to order their lives as to deserve a continuation of these blessings in the future.

MURDER AND SUICIDE.

Rendered temporarily insane when he saw his wife in close conversation with Tom Donaldson, a baggage master on the Southern Railway, John Childers, a well-known painter, met her at the door of his home in Norfolk Saturday evening about 4 o'clock and shot her to death. When Mrs. Mattie Britton, the mother-in-law, ran to the assistance of her daughter Childers opened fire on the older woman. She ran, but was seriously wounded. Childers next turned the pistol on himself. He died before neighbors could reach the scene. Mrs. Childers was eighteen years old. There are two children, one two years old and the other eleven months.

It is declared that Mrs. Childers and Donaldson were talking on the street near the home a few minutes before the tragedy. Childers met her at the door and she fell when shot.

When the police arrived Childers' two-year-old son was standing in the doorway, imploring that no one be allowed to shoot him.

Five shots were fired by Childers and as but four bullets could be found some think that Donaldson was shot and made off when the police arrived.

Battle Expected.

Tangier, Oct. 28.—News is hourly expected of a battle between the imperialist force sent out from Mogador to attack the pretender Mulai-Hafid's army, in camp eighteen miles from the city. Mulai has been trying to bribe the commander of the real Sultan, Abd-El-Aziz's garrison in Mogador, to admit the former without a fight. Though he should succeed in entering the city it is difficult to see how he could maintain a position there, the French cruisers in the harbor having already forced him, by a heavy bombardment, to give up an attempt to take it by force. A battle inside of the walls might result in the battering down of the city.

OPENING OF NEW DEPOT.

An event of signal importance in the history of the nation's capital was recorded in the annals of the railroads of this country when, early yesterday morning, the whistle of a large Baltimore and Ohio locomotive drawing a train of passenger cars proclaimed the opening of the new Union Station and Terminal at Washington. This recalls to memory the evolution in railroading from the little passenger train, which, drawn by two of the now antiquated locomotives of the famous "Grasshopper" type of the early days of the railway, steamed into the modest little Baltimore and Ohio station, there to be greeted by the deafening cheers of members of the country's diplomatic corps, including President Jackson, that memorable 25th day of August, 1835. Numbers of Alexandrians were among the spectators. The new depot has cost in the neighborhood of $12,000,000, of which Congress appropriated $3,000,000. The work has been done by the Washington Terminal Company, owned jointly by the Baltimore and Ohio and Pennsylvania Railroads.

Today's Telegraphic News.

The Financial Situation.

New York, Oct. 28.—New York banks continued on an increasing scale the use of clearing house certificates today as authorized at a session of the clearing house association Saturday.

So far as the public is concerned the certificates do not figure at all. They are used merely to settle clearing house debits. They will prevent the tieing up of large sums, however, and practically remove all possibility of the crippling of financial institutions by preventing the cutting off of cash needed to meet withdrawals.

Most of the trust companies also resorted to the payment of depositors with certified checks on clearing house banks in preference to releasing currency.

The crowds about the banks and trust companies on which there were heavy runs last week had dwindled to mere handfuls early today. At several institutions the bank watchmen opened the doors long before the regular opening hour that the waiting patrons might find shelter in the lobbies from the storm.

Secretary of the Treasury Cortelyou sent word from Washington that he considered the situation so well in hand that he will not return to New York.

State Superintendent of Banks Williams announced last night that several State banks which closed their doors under the pressure of withdrawals asked permission to reopen. He did not say what answer will be returned.

The pool formed last week and headed by J. Pierpont Morgan, which raised about $25,000,000, and loaned it on the stock exchange, was dissolved today as it is not believed that such action is now needed. Bank presidents believe that all the call money needed in the transaction of business now may not be obtained by brokers through their regular banks.

Chicago, Oct. 28.—Chicago banks opened today with no indication of anything resulting from the announcement yesterday that clearing house certificates would be used in the transaction of business. Before the doors opened, there were quite a few heads of smaller business houses waiting to learn what method would be followed, but there was no indication or intention to withdraw accounts. Assistant Chief Schuettler had 100 plain clothes men in reserve for use at the banks, but it was found that there was no necessity for their presence, so only 11 men were used more than the ordinary detail. All the banks announced that regular customers and positively identified checks would be accomodated with cash and that business houses would have no trouble in getting currency to meet their pay rolls and other business necessities.

St. Louis, Oct. 28.—One hundred policemen were assigned to duty around the banks and trust companies of the city this morning to prevent any crush which might follow the announcement that 30 to 60 days' notice is necessary to withdraw savings funds.

Pittsburg, Oct. 28.—The Board of Directors of the Pittsburg stock exchange this forenoon decided to remain closed today. Secretary Charles J. Holman stated to the United Press that there was no official announcement of the action to be made other than the board considered it best to remain closed in view of the troublous condition of monetary affairs in New York.

Cleveland, O., Oct. 28.—The Cleveland Clearing House Association has decided to issue clearing house certificates, if such action is found necessary. At the suggestion of the association the Savings Banks and Trust Companies today put into effect the time notice clause on all withdrawals of savings accounts over $50. Checking accounts are not involved.

Cincinnati, O., Oct. 28.—The following statement was issued by Cincinnati bankers after a conference:

"In the interests of depositors and the public and as a basis of immediate general assistance, the Clearing House resolved to issue Clearing House certificates, and also resolved that all banks of this city, whether state or national, having savings accounts, exercise their right to decline to honor withdrawals on savings accounts.

Three Hundred Persons Perish.

Marseilles, France, Oct. 23.—Three hundred persons perished by fire at the town of Hakodale, Cochin China, and 1,000 by flood along the west coast of Japan just before the departure of a mail dispatched from Saigon, French Cochin China, August 25, and received here today.

Hakodale was completely destroyed, the advices say, 14,000 houses being consumed, including the British and Russian consulates. The dead are believed to have been all natives.

The floods in Japan devasted many towns, the correspondents say. Besides the loss of life, the property damage was enormous. Ten thousand people were saved from death with much difficulty and at great peril to the rescuers.

Fatally Stabbed.

New York, Oct. 23.—John Oster, or "Kid Gordon," as he is generally known in sporting circles, was fatally stabbed early today in front of 173 east Fourth street. Martin Sweeney, who was with Oster returning from a mutual friend's home in a distant part of the city says he had just left the latter when he heard him cry for help, turned, and saw him struggling with several men, none of whom he knew. Sweeney rushed to his friend's help. One of the men stabbed him in the back and the party fled, leaving Sweeney and Oster bleeding in the gutter. The former will recover; the latter died an hour later at Bellevue Hospital.

Russian Princess Kidnapped.

London, Oct. 28.—In the hands of kidnappers somewhere in the heart of London, the 18-year-old Princess Barbara Lapoukine of Russia has sent word to her friends that she is about to kill herself to escape ill treatment at her captors' hands. Since last Thursday night the Russian embassy has been searching London frantically for the young woman. Thus far not a trace of the lost girl has been found.

Sixteen Persons Killed.

Budapesth, Hungary, Oct. 28.—Sixteen persons were killed and many dangerously wounded in a riot early today at a church festival at the town of Mossesghegy in south Hungary.

Racial jealousy between Slovaks and Magels was responsible for the battle. Several minor quarrels occurred between representatives of the two parties during the evening.

At first the outbreaks were suppressed by the cooler heads, but shortly after midnight a fierce fight broke out in which knives were drawn and one man fell mortally wounded.

Before the peacemakers could interfere again, the conflict was raging everywhere. Most of the men were armed and several of the killed and wounded were literally cut to pieces. Several women and children were wounded in the affair and still others sustained painful hurts in the panic to escape. A strong force of police cleared the church and made many arrests. Of the wounded a number will die.

Wife Attempts to Kill Husband.

East Liverpool, O. Oct. 28.—With a revolver, rifle and shot gun the wife of Bert Brady went gunning for her husband early today. Owing to her bad aim Brady still lives. His wife is locked up charged with "discharging firearms in the city limits." The woman declares Brady went buggy riding with another woman. Brady returned home late and his wife waited until early this morning when she opened fire as he slept. Brady awoke at the first shot and clad in his night clothes beat a hasty retreat. Mrs. Brady followed and seating herself in the yard she calmly blazed away every time Brady peeped from behind the barn, where he sought refuge. When the ammunition was exhausted Brady went forth and a policeman arrested the woman.

Conditions in Yonkers.

Yonkers, N. Y., Oct. 28.—With armed troops held in readiness to quell rioting in connection with the street railway strike here, two hundred deputies have been sworn in. While the strikers declare any attempt by the company to run cars will result in violence, the great fear that blood may flow in the city streets before night is keeping everybody in Yonkers on the anxious seat. Mount Vernon militia companies have been notified to be in readiness to answer a call for strike duty.

Confession of a Murderer.

Hong Kong, Oct. 28.—W. H. Adsetts, the former United States Marine under sentence of death here for murdering Gertrude Dayton, an American actress, at the Hong Kong Hotel in August, has confessed his guilt and asked the governor to extend clemency. The prisoner has a wife in Philadelphia. His execution is fixed for November 13.

The Moltke-Harden Libel Case.

Berlin, Oct. 28.—An epidemic of duels is to follow the von Moltke-Harden libel trial. The verdict, Justice Kern has announced, will be rendered tomorrow. Close on the heels of the duels, court gossip has it, such a shaking up is due in army and civil official circles as Germany has never known.

The Grain Markets.

Chicago, Oct. 28.—The financial situation was reflected in the wheat pit at Chicago and northern market at Milwaukee to such an extent that the bulls were thrown into a panic in both places.

The Duluth market was practically closed as the board of trade did not receive any quotations.

The live stock market in Chicago also was demoralized.

In the early hours in the Chicago wheat pit, December wheat went below a dollar, selling from 98 to 96 and then back to 97½. May, which closed Saturday at 107½ went from 1051 to 103, then back to 104½.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

New York Stock Market.

New York, Oct. 28.—A general restoration of confidence was indicated by the banking situation following the improvement during the opening hours of business today. The operations were restricted naturally by the banking developments since Saturday morning. Brokers are generally refusing to buy stocks on even successive margins, say, in cases of as much as 60 per cent. Arbitrage brokers early in the first hour brought 30,000 shares and made the tone of the market from the opening of the exchange. There was no press of liquidation, while investors continued buying moderate amounts around the room, their purchases with the London demand causing advances in the active issues of 1 to 3 points. Many of the speculative shares, which have been depressed because of forced liquidation following the high-class stocks and made material gains. At the end of the hour tone of the market was strong and the volume of business showed a steady increase at the time progressed. Railroad and other bonds lower.

LETTER TO H WILDT & SON.

Alexandria, Virginia.

Dear Sirs: Mrs S C Ashe's house in Yorkville, S C. was painted Devoe 21 years ago and hadn't been painted since; it is a handsome house and the paint was in good condition when we were there three years ago.

Do we therefore say that Devoe wears 21 years in South Carolina? No; on the sandy coast, where the sun is hot and the flying sand cuts the bark off trees, Devoe is the only paint that wears more than one year.

Localities differ; Devoe doesn't differ. It is the paint that takes least gallons to cover and makes least cost and wears longest; how long depends on sun, wind, sand, etc.

Yours truly,
F W DEVOE & Co.

RIVER NOTES.

The Wilhelmina, a large iron steamer, with a cargo of 3,000 tons of phosphate rock from Port Tampa, Fla., arrived at the pier of the Alexandria Fertilizer and Chemical Company late Saturday evening. This is the first time phosphate rock has been brought to this port in a steamer, and the Wilhelmina is one of the largest ships of her class that ever came up the Potomac. In April, 1885, the British steamship Hughenden arrived here from England with acid phosphate and was docked at W. A. Smoot & Co.'s wharf.

W. H. Cheatham, a member of the Hampton Roads Yacht Club and Norfolk Lodge of Elks, accompanied by Capt. Ferrell, of Norfolk, arrived at this port last Saturday in the twenty-five-foot boat Tot, in which they had sailed from Norfolk the previous Sunday. They were delayed by contrary winds. After calling on Past Exalted Ruler Jacob Brill, of Alexandria Lodge of Elks, they continued their voyage to Washington.

The steam yacht Atlanta, one of the prettiest vessels of that class ever seen on the Potomac, arrived at W. A. Smoot & Co.'s wharf yesterday afternoon where she was coaled. The Atlanta has two smokestacks and is owned by Mr. Russell Hopkins, U. S. Consul to Panama, who was aboard. The yacht is in charge of Capt. Wells. She left New York a few days ago for Washington.

The schooner Sidonia Curley is being loaded with bottles by the Old Dominion Glass Company. She will sail for Norfolk.

The steamer Washington, Capt. Frank Phillips, arrived up from Norfolk this morning about on time. She encountered a severe wind storm when she entered the river after midnight.

TWO WOMEN FIGHT.

Considerable excitement was created on Columbus street, between Wolfe and Wilkes, late Saturday evening by a fight between Susan Byrd and Mary Carter, both colored. According to the evidence, the Byrd woman armed herself with a clothes-prop and attacked her adversary, who retreated into her yard, from which place she threw bricks at her assailant. The latter also hurled missiles, scattering a crowd of white and blacks, which had gathered. She later ran into her house and procured a gun. The woman was later arrested by Officer Talbot and was fined $5 in the Police Court this morning.

DEATH OF MRS. McCUEN.

Mrs. Effie McCuen, wife of Mr. William H. McCuen, living at 113 north Alfred street, died about noon yesterday at Georgetown University Hospital, Washington. The deceased about a week ago underwent a surgical operation. Before marriage Mrs. McCuen was Miss Effie Lee Cook. She is survived by her husband, and two sons, —Talbot and Leslie McCuen. Mrs. McCuen was a member of Grace Episcopal Church, and was active in charitable movements. The deceased was 39 years old.

NEGROES IN FIGHT.

John Henry and Edward Bryant, both colored, were arrested yesterday morning by Lieut. Bettis and Officers Beach and Henderson on the charge of disorderly conduct and fighting on Saturday night, during which Henry cut Bryant across the back with a razor and injured him so seriously that Dr. W. A. Warfield was called to render surgical aid. Henry and Bryant were arraigned before the Police Court this morning when it was shown that the latter was the aggressor. Bryant was fined $10 and Henry was dismissed.

PLACED TROUSSEAU IN SHED.

Detective Barbee, of Washington, on Saturday arrested in that city "Jack" McVickel, a twelve-year-old boy, who is charged with secreting in a woodshed a wedding trousseau, which he promised for 25 cents to deliver to a lady in Alexandria. The trousseau, which is valued at $185, was made by Mrs. M. Pesternak, living on Fourteenth street, Washington. McVickel is at the House of Detention. He acknowledged that he attempted to sell the trousseau before he placed it in the woodshed.

AFTER SUNDAY GUNNERS.

Justice A. J. Payne, of Fairfax county, yesterday mounted his horse and started in search of Sunday gunners. He found a negro named Robert Ferguson with a gun, a dog and a rabbit, and made him pay $3 for gunning on Sunday. The justice later got on the trail of five Washingtonians, whom he believed to be guilty of a similar offense, and followed them to the electric railway ticket office on Royal street in this city where he searched their effects but found neither guns nor game.

ATHLETIC DAY.

The thirty-second annual field day exercises of the Episcopal High School will be held Saturday morning next, at 10 o'clock. An elaborate programme has been prepared. The sports will include throwing the ball, potato race, pole vaulting, sack race, running high jump, several flat races, junior running long jump and other contests. Following the exercises the second team of the Episcopal High School will play a game of football with the Woodbury-Forrest High School's second team.

DISORDERLY CONDUCT.

The corner of Wolfe and St. Asaph streets was the scene last night of a disgusting conflict between two white women, in which, loud, indecent and vile language was employed. The residents of that neighborhood are up in arms at this flagrant breach of law and decency, and as the names of those women can be obtained, it would seem as if they should be arrested and punished for such conduct.

At Port Deposit, Md., on Saturday, Tome defeated the Episcopal High School, of near Alexandria, 46 to 6, in the football game played there.

Mr. Barrett is very familar with this kind of work, having published the directory of the City of Mexico for a number of years. In that city the book is a very large proposition as the city has over 400,000 residents. The new city directory will be printed in Alexandria as Mr. Barrett will soon establish a modern job and book printing office here. He has recently purchased a large building which is being put into thorough repair.

Several nights ago several negroes became involved in a difficulty in the northern section of the city when one of the combatants, Charles McCoy, discharged a pistol. EARTHQUAKE HORRORS.

It is officially stated that the villages damaged by the earthquake in Sicily number thirty. The lists of the dead and wounded have not yet been compiled, but entire families are missing. It is feared that many persons are yet alive beneath the ruins of Ferrazzano. Cries for help were heard until Saturday.

The bodies recovered are mostly mutilated beyond recognition. Several of the dead, however, were not disfigured, and it is therefore argued that they were suffocated or died from exhaustion while buried in the ruins. Decomposition of the bodies is being hastened by the rain.

A considerable number of cattle and entire herds of sheep and goats perished. The rain continues. The salvage parties are still insufficient. The arrival of reinforcements is delayed by the impassable roads. Food is lacking. The victims refuse money, but beg for bread. An entire family in the neighborhood of Ferrazzano has not touched food for two days.

Many of the injured have not yet been attended to. The surgeons are using clothing for bandages.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotton rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F Creighton & Co.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

FARMERS CAUGHT BY NEW SWINDLE.

Wealthy farmers of Armstrong and Westmoreland counties, Pa., have been victimized by a brand new confidence game. About ten days ago a man in the garb of a minister called at the farm of W B. Templeton, near Adrian, and asked for lodgings for the night. Templeton, impressed by the stranger, readily consented. Next morning, before the stranger departed, a man and woman hurriedly drove up to the farmhouse, and said they had heard that a preacher was stopping there. They wanted to get married at once, and the "minister" performed the ceremony. Templeton and his wife signed the certificate as witnesses. In a few days the alleged marriage certificate turned up in the First National Bank at East Brady as a promissory note for $300, which Templeton had to pay. A number of other farmers have been swindled in the same manner.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.
